APPROVAL OF MINUTES OF 2022 AGM

The minutes of the 2022 AGM were proposed by the Chairman and seconded by Marie Louw

MATTERS ARISING

Nothing

CHAIRMAN'S REPORT (Charles Jonsson)

Charles began by thanking the committee for everything that they've done this year. It's been a busy, successful and a fruitful year and this coming year is going to be even busier. We have EC & champs and there's a lot of work to be done on that.

After Morgan Morris did a pre AGM speech to explain the sale of Quays and the development plans and how they affected the club and our rack space, Charles noted we will still continue to look at the opportunity and possibility of securing public open space from the municipality for the future of the

club and any potential growth that may occur and that not pursuing these would likely lead to us regretting it. A sub committee with Bruce Brooker has been set up to look into all possible extra avenues.

Charles asked if Dave Louw would like to speak about the Academy program, to which he responded that Charles may give feedback instead.

Academy Program (Charles Jonsson)

Dave Louw has got a project on the go to take three of our Academy guys to Germany for some intensive training.

Following Daves 'retirement' from the huge task of mentoring the Academy guys, members of the club banded together and with the help of Anna, who stepped up to the plate, and have organized a roster of people that now on a Wednesday fetch the Academy guys bring them down here Dave trains them they have a pizza and a coke. That's once a week, but for the rest of the time Dave is not training them for a life changing experience to go to Germany for training and I know that Ana has gone and done a back a buddy on Facebook where we're looking for R30,000 in funding. A member very kindly told me that one of their family members has made a big contribution today.

Appeal to the club to get involved in EC & SA Champs, though we have sub-committees we are always looking for others to offer their services.

FINANCIAL REPORT (Gail Brooker)

(Huge thanks was given to Gail for her continued assistance)

Gail presented the bank summary (See attached) for the past year.

Total income of R224 000

Membership fees were just under R50 000 and the rack fees which went up to just under R100 000 because of the increase in our rack fees to R800.

Around R100 000 in expenses.

It was decided to keep the rack fees at R800

FEES 2023/24

Senior 350

Family package 575

(Senior R320 + spouse/partner R225)

Junior (under 18 years) 125

Student (under 26 years) 125
Rack 800
Payment of membership fees, rack fees and CSA
by 31 May 2023 to secure rack
CSA licence required as part of membership

It was also discussed that, as part of the new fees, a boat number would be provided so that those with racks can be identified easily and this would assist in the never-ending issue of boats being stored in racks that belong to others.

Academy REPORT (Dave Louw)

CSA REPORTS

Academy paddlers are busy training for a life changing event where they will go to Germany for training. With the help of club sponsorship, we are hoping to send three of them later in the year.

As we know, Dave stepped down from a 12 year plus endeavour of mentoring the academy guys and Ana Marie Hay has stepped up to the plate and has organized a roster of people that are now assisting with lifts on a Wednesday to get them to training.

Ana has also done a 'Back a Buddy' campaign for the Germany trip, if anyone is willing to assist with sponsorship, it would be greatly appreciated.

CAPTAINS' REPORT
